

STATEMENT OF PURPOSE

RS20864

This legislation would put into statute the requirement for tow truck drivers, operators, and owners on ISP tow rotations to be criminal history background checked through both Idaho and FBI databases. State and national checks would allow for more comprehensive and thorough assessments of those companies and their representatives requesting to be included on ISP tow rotations.

FISCAL NOTE

There is no fiscal impact to the state. The cost would be borne by the tow company. The state and federal checks come with a cost. The current state check is \$10, although this cost is expected to be increased in the next fiscal year. The federal check is \$19.25. The actual cost of the checks would be passed on to the applicant driver.
